CHILD'S CASE HISTORY:

Agosto was referred to our care program by one Old Woman late November 2009. We know that he is 7 years old as we were given the information. But we have no idea of exact date and month he was born. His both parents died during the 2008 Post-election war that rocked the Kenyan Nation after the disputed presidential election.

After the death of his parents, the Child was been cared by an old Woman who is over age and who volunteered for the life of Agosto. But this good Samaritan is old and she came sick where she could not afford to give good care Agosto.

We therefore received Agosto to be under our care program on 4th MARCH 2010. Agosto is in grade Two. He seems to be a diligent young boy who will continue performing well in School and life.

Pray for Agosto as he starts his new life under our care program. May the Lord bring this young child into your heart, so you may pray and help him in support and as his sponsor.
