**CHILD'S CASE HISTORY:**

Caleb is a precious young boy of 8 years old. Caleb is abandoned and neglected child by his father because he was born outside marriage. The father didn't want the child. Caleb was strongly abused child whereby he was struggling in life and had a disturbed life and had no peace of mind in life.

The mother of Caleb wanted to kill herself by taking the triatixs medicine which is very and very dangerous drug which is made for insecticide and actually is not made for human.

The Mother came to us requesting us if we can help rescue the child because she don't see the need of her to live. We went into the family tried to talk with the husband but he refused. We then desired to rescue the life of Caleb by taking him into our care program on 12<sup>th</sup> March 2010.

Caleb now can smile and had gained his peace of mind. Caleb is in grade Two this year 2014.

Please, we request you to pray for Caleb as he had started his new life with us. We now welcome you friend to Caleb's life as his sponsor. We request you if you can be lead by God to pick Caleb in prayer and as his sponsor.
