CHILD'S CASE HISTORY:

Joy was brought into our care program by one of our community leader early September 2009. No one knew exactly the date of her birth and no one knows the cause of disease that caused the death of her parents. Just they died.

Joy is a lovely young girl of about Eleven years old of age. She is in grade Five in School this year 2014. We received this young girl into our care with a great love and sympathy. When we received Joy had a disturbed life and crying all day. She is taken care in our Ministry and she is now happy. She is now smiling and can play with other children.

It is our prayer to request you if you can be willing to show your Passion into Joy's life in prayer and support. And if you can be willing become a sponsor for Joy. Hope you will desire to come into the life of Joy. We will appreciate.
