CHILD'S CASE HISTORY:

Kevin lived with his parents one year after he was born. Him with his brother and Sister were living in a small wood slat house with gaping slate and two small bedrooms. But after one and half year, the Mother passed away AS A RESULT OF POST-ELECTION VIOLENCE. Kevin and his sibling were left with a father. Their Father was paralyzed. Their relatives took the children but later Kevin was abandoned and neglected.

Kevin was referred into our care program on March 2nd 2010. We decided to rescue the life of Kevin by accepting him into our care program. He is now okay and very happy and can smile. He is in Grade One.

Jesus loved and received little children like Kevin, therefore as you read his Biography and be touched by God, feel happy and a blessed to be Kevin's sponsor in prayer and support. We will appreciate for your passion for this young one.
