CHILD'S CASE HISTORY:

Silvia Araka was referred into our care program on 7th MARCH 2010. She is the first born for her Mother. The Mother was single not married. The child was born 2007 during the National violence December. The Mother passed away due to the post election national violence leaving Silvia behind of one year old of age. But after two years she was neglected.

When Silvia was brought into our care program, she had poor health with more scurvy and starvation. We took the child with love. Silvia is now happy and eating well and well loved. She is in Grade one this year 2014.

We request you friends if you would be touched and moved by God with compassion on Silvia's life and become her Sponsor in prayers and support. And God will bless you.
